No, we were specifically asked to bypass the carbon filter during the sampling event, which is what we did. To my knowledge, we have never been asked to sample the effluent air stream after it passes through the carbon filter.

Sincerely,

Bradley E. Gentry, LPG

Hi –
 Was the effluent pipe also sampled with the filter engaged to verify that it is operational?
 Thanks.
 Carolyn

Subject: Confidential: Draft Ambient Air Sampling Results from Site

Carolyn,

Please see the attached Draft Ambient Air Sampling Results collected at the Site. All ambient air results were below the most stringent screening levels.

Please let us know if you have any questions.

Thank you,
 Chris
